**April 27 - May 1, 2015**

## Course Description

This program addresses the significant advances and anticipated directions for future treatment modalities. Participants will have the opportunity to experience some of the latest endodontic techniques and materials through hands-on workshops.

## University of Florida

- With an enrollment of nearly 50,000 students annually, UF is home to 16 colleges and more than 150 research centers and institutes.
- UF is consistently ranked among the nation's top universities: No. 14 in U.S. News & World Report "Top Public Universities" (August 2013); No. 3 in Kiplinger's "Best Values in Public Colleges" (2013); No. 3 in the Fiske Guide to Colleges list of Best Buys Among Publics (2014); No. 15 on the Forbes list of best public universities (2013); and No. 1 on Washington Monthly magazine's list of national universities that offer the best bang for the buck (2013.)

## UF College of Dentistry

UFCD – one of six colleges at the UF Health Science Center- is dedicated to high-quality programs of education, research, patient care and public service. In 2011, the college established a School of Advanced Dental Sciences to facilitate integration of advanced study in endodontics, orthodontics, pediatric dentistry and periodontology.

- 20 Degree & Certificate programs
- 10<sup>th</sup> in NIH funding
- 14 Dental Centers
- 120,242 patient visits
